

TAG Galactic System of Transformation and Healing

11th Hour Clearing Protocol

This is a program that grew out of the Magic Parenting mentorship. It was while I was asking questions to help adults prepare for parenting in new ways that I was told about the extensive birth plans that "souls" make.

When I realized that the intention was to have 90% of the heavy, negative patterns transformed by age one, I was shocked.

At that time I have a client who was 92 years old. She was bright, intelligent, and very clear that she did not want to 'linger into death'. No deteriorating disease for her! We had worked together for over three years when the Magic Parenting came into being.

One day I looked at my client through the eyes of her birth plan and her age. She go die overnight. Was it possible that I could put together a protocol that, in her 11th hour of life, would give her spiritual team permission to clear that 90% of negative karma at her age? If so, that would be a massive amount of density that she would never have to deal with. The answer was "Yes!"

I asked and was told that the patterns to be easily transformed are 'marked', distinguished from the rest.

So, the 11th Hour Healing Protocol came into being. When asked for this work, the TAG Healing Collective has permission to go into the birth plan, identify the marked patterns, and transform the pattern with the storage from those patterns moved into the EV organic composting system for appropriate restoration.

For the Process.

Reality Statements are always the beginning.

Read them, imagine them completed and, use them within the Reality Shift Process**.

- The 90% of Negative Karma intended for transformation in my life plan is freeze framed until it is released as had been planned.
- I call to my (or client's) causal team and decree that all patterns marked marked for removal by age one, be appropriately removed.
- Energize those patterns based on Home to allow experiences which reflect this individual's greatest good to emerge in sovereignty.
- I place all to whom I made Sacred Contracts into the hands of Divine Good that they be moved to their next Highest and Best Place. Divine Good dissolves what seems impossible and opens doors where there were none
