

Galactic to Gaia Odyssey

Chat Cascade from Class #26

From Sharon Riegie Maynard
to Everyone:

What I wanted to accomplish with my Work in the World, including the Galactic to Gaia Odyssey

1. Stop and Wake Up!
- 2 Unhook skills
1. 3. Soar

Help women to Soar by teaching our galactic history which allows them to unhook from entrapping domination cultures to create fearlessly and soar.

Emma to Everyone:

I would like more practice with the tools
I would also like more work with connection with our teams in the unseen.

Cinda Lonsway to Everyone:

What I would like is more big picture esoteric....I want to learn how to judge if our/my work is working. How we can reinforce it to be more effective.

Emma to Everyone:

Finally, more deliberate connections with one another

LavenderJoy aka Gail Kaplan to Everyone:

I would like more practice with the tools and perhaps some guidance with connecting with my team

Angelique boas to Everyone:

I would like more repetition of the practice, and by doing that more often , repetition, it will become like a habit.

Cristina Teot to Everyone:

I'd love a repetition of the 7 worlds, the divine families. I know I could rewatch some of the first classes, however I would appreciate to re-hear it from you Sharon. To better understand and be able to explain it to others.

Sharon Alexander ~ Mountain Wisdom Wholistic Health LLC to Everyone:

What I've appreciated are 3 things: -feeling empowered; - knowing I'm supported; - the possibility of collaborating with others in "this game" (and I know it's not a game. Don't have the words for it all sometimes).

Cristina Teot to Everyone:

And some more information on the 13th family

Arleigh to Everyone:

It's not necessary to memorize and remember every detail about the galactic history or the galactic families. An understanding is enough to use the techniques sharon teaches to effect real change in our world.

Cristina Teot to Everyone:

Sharing of experiences with the PTO and DeepSix command

Sharon Alexander ~ Mountain Wisdom Wholistic Health LLC to Everyone:

What I'd love to focus on going forward is similar to what I just shared. Gain more encouragement/empowerment by working with the tools, develop collaborative relationships with others in the group, and to review the big picture re: families and 8 worlds. Mostly, I want more time and support to work with these tools/these concepts. Thank you

Sharon Alexander ~ Mountain Wisdom Wholistic Health LLC to Everyone:

I love the journeys. Being guided to connect in the unseen realm with our teams...

Cinda Lonsway to Everyone:

Empowerment to take care of "business" when its not looking/going well.

LavenderJoy aka Gail Kaplan to Everyone:

I have gained the confidence to go through some difficult transitions without turning back!

Arleigh to Everyone:

I am definitely empowered to believe in my abilities and to use them to effect change and healing. I have been supported and encouraged, and learned techniques that work.

Cristina Teot to Everyone:

My win is definitely the power of using the PTO and D6 command.
As well as knowing you all and knowing we are connected with this „work“

Emma to Everyone:

active practice of Good Mind
feeling enriched by the experiences of the others in this circle
fitting puzzle pieces together

Cristina Teot to Everyone:

I can support with techniques to connect to your spirit team

AlexSandra Lett to Everyone:

Feeling like I belong to a group of women who are evolved and having a sense of belonging...being more appreciative of my practical husband Michael who supports me as I seek a new way of being...

Cinda Lonsway to Everyone:

Listen Learn Share
Listen to my clients, learn their needs, share solutions
Listen to my "team", learn their lesson, share with others

LavenderJoy aka Gail Kaplan to Everyone:

Peace, empowerment, prosperity

Arleigh to Everyone:

Observe, discern, heal

Cristina Teot to Everyone:

Inspire to connect with the unseen worlds/sprit world

Emma to Everyone:

Shift - See - Act

Arleigh to Everyone:

Ohhh,,,,, I'm changing 'Heal' to 'ACT'.

Angelique boas to Everyone:

Cristina Teot to Everyone:

Inspire - connect - prove

AlexSandra Lett to Everyone:

Being open....listening...accepting
