Show me what more is needed

How about taking on a 30 day challenge and activate your new fire...

- Each day for 30 days, begin and end the day with one or more of the above.
- Create statements declaring your life as it looks, feels, radiates from this new life plan.
- Create a mantra with a few words that can be repeated over in
- Ask to be shown a symbol for the fractal process
- Find a song that speaks of this life.

Use a strong "NO, DeepSix" for anything that is not for your new life

Follow your "YES"

Of course, using the Reality Shift, Brain Balance, and more to anchor and activate all that you choose.

Much love,
