

## HELLO FROM HEAVEN

**Your loved ones in the Spirit World want to connect with you – as much as you want to connect with them. They know you want to connect with them. They know you’ve been thinking of them, and to prove they’re with you at this time, they’re sending you signs and symbols to show you how much they love you!**

**This card comes forth now because you may be thinking of someone you’re missing, so this serves as validation that he or she is still with you. When a loved one passes and leaves this physical world, the familiar methods of ordinary communication get interrupted for a time, until a new form of communication is established. Spirit people are trying to get your attention through special signs and symbols – this is their new way of connecting with you.**

**Trust that it’s really your loved ones’ presence you’re feeling. Acknowledge when they visit you in your dreams or when they send a specific scent that reminds you of them. Another way for them to let you know they’re around is blinking lights, TV sets turning on and off, shiny pennies and dimes suddenly appearing, or even cell phones ringing with their name being displayed. These are just some of the many signs and symbols; so put a loving thought out to them, and let them know you’re ready to receive more and that they’ve got your attention. Be thankful for these signs and symbols. Cherish and hold them close to your heart, for they truly are ‘hellos from heaven!’**
