

## TAG Matrix I Clearing Protocol

## TAG Galactic System of Transformation and Healing

## The TAG Matrix Protocol

*When you active this protocol at the Crown Chakra during a session or when you sense the need during your life journey, the TAG Healing Collective teams acts on these requests.*

1. This work is done for this Being and for all to whom he/she is connected in LOVE. All beings of control agendas are to be identified, neutralized, and moved to their original Home/Source.
2. All energy pockets of stored negativity and Pandora points holding patterns and contracts are to be identified and acted on as if they were individuals until bedrock is met.
3. This is to be activated on all energy frequencies within this individual now.
4. All distorted energy and dysfunctional behavior is transmuted from:
  - a. Experiences
  - b. Belief structures
  - c. Reality structures
  - d. Karma
  - e. Evolved connective chords
  - f. Buried selves within inner earth beings
  - g. Taproots where distortions exist
  - h. Foreign and self-imposed implants in all
5. All inappropriate Beings are to be moved from this physical body into Realms of Light by their Guides.
6. All karmic ties and completed contract cords are severed and transmuted within all involved family relationships and all degrees of relationships as it applies to:
  - a. Belief structures
  - b. Reality structures
  - c. Karma
  - d. Evolved connective chords
  - e. Buried selves within inner earth beings

- f. Taproots where distortions exist
  - g. Foreign and self-imposed implants in all
7. Fill all taproots within this individual with the clear energy of his/her Divine Star family.
  8. All physical injuries, wounds, illnesses, trauma to be immediately healed in the lifetime it is occurring both in the physical body and energy realm pattern of that lifetime as it pertains to all of the above. Any reflected pain is to be transmuted external to this individual's physical body. This is under the command of a Healing master and completed in non-time.
  9. All distorted vibrations and dysfunctional patterns in the current physical body, and in the current energy realm pattern as it pertains to the above, are to be transmuted.
  10. Sever all aspects dependent upon this Being's reflected Soul, transmute chords in all. Individualize and empower each aspect.
  11. All karmic ties and contract cords are severed and transmuted within every Being as it pertains to all of the above.
  12. All stuck entities related to the above process, or who are hitchhikers, must be cleared with the TAG process and moved by their Guides into Realms of Light now.
  13. All implants from any source are to be identified and eliminated and the energy that allowed them is to be transmuted.
  14. All distorted energies in the physical or chakra organ system, and all outer organ systems, are to be transmuted and each organ is to be integrated within itself; harmonized, balanced, nourished, and integrated within the total systems.
  15. Activate the healthy, evolving DNA, the Light encoded filaments, and the Blessings on Children.
  16. Disarm and transmute any foreign implants. Identify, neutralize, and remove all outsider's of domination and their implants.
  17. Identify and heal the cause that made this client vulnerable for such implants or hooks.
  18. Dissolve all structures in process as it relates to this distorted energy reflections and dysfunctional behavior that are now transmuted.

19. Move all consciousness of this Being into the Galactic Landscape of Star agenda frequency, galactic history healing, and Earth mission purpose. Transmute any distortion, fill the harmonics of Star family agenda. Create an external lightning rod to gather and dissolve all distorted energy while moving the source of those distortions to their original Home/Source. Purify the space.
20. Return the reality of Divine Star Family agenda to the frequencies within the physical realm with their true power, authority, and energy to manifest as foundation in their totality now.
21. All dysfunctional distorted energy and dysfunctional behavior is transmitted from:
  - a. Experiences
  - b. Belief structures
  - c. Reality structures
  - d. Karma
  - e. Evolved connective chords
  - f. Buried selves within inner earth beings
  - g. Taproots where distortions exist
  - h. Foreign and self-imposed implants in all
22. All karmic ties and completed contract cords are now severed and transmuted within all involved family relationships and all degrees of relationships as it applies to:
  - a. Experiences
  - b. Belief structures
  - c. Reality structures
  - d. Karma
  - e. Evolved connective chords
  - f. Buried selves within inner earth beings
  - g. Taproots where distortions exist
  - h. Foreign and self-imposed implants in all
23. Fill all taproots within this individual with the root's clear energy.
24. All physical injuries, wounds, illnesses, and trauma are immediately healed in the lifetime it is occurring both in the physical body and the energy realm

pattern of that lifetime as it pertains to all of the above. Any pain is to be transmitted external to the body. This is under the command of a Healing Master and done instantly.

25. All distorted vibrations and dysfunctional behavior in the current physical body and in the current energy realm pattern, as it pertains to the above, are now transmuted.
26. All stuck entities related to the above processes, or who are hitchhikers, must be cleared with the TAG process and moved by their Guides into Realms of Light now. The Hitch hiker shield will instantly call in causal teams for any soul who in within its range.
27. Dissolve all structures in process as it relates to distorted energy reflections and dysfunctional behaviors that are now transmuted.
28. Guides are to clear all entities of this client in the energy realms/dimensions 1 through 8 that need only to be known with the TAG process and move them into Realms of Light.
29. Cleanse, integrate, harmonize, balance, activate, and nourish all the organs in the physical, mental, emotional, and spiritual bodies. Activate their harmonizing, synergistic interrelationship.
30. Activate and adjust appropriate shields throughout the multiple dimensions of this client's energy flow.
31. Cleanse and fill energy realms with Star Families' harmonics and seal them with the Guardian Circle.
32. Cleanse, heal, and seal the energy fields, including the auric field.
33. Totally transmute distorted patterns in the energy fields and those now manifested in the physical body. Reveal the wholeness they are now.
34. Identify all self-sabotage contracts and heal their source now.
35. Identify all contracts that hold dis-incarnated beings to this individual and heal their source now.
36. Sever all karmic, completed contract cords and healed injury cords immediately. Clear all Beings released in this process with the TAG process and move them into Realms of Light.

37. The frequencies of the Original codes held within Life Force as Water is now broadcast within liquids of this body and space at intensities specified by this individual's Healing Master.
38. All foreign and harmful elements are now removed from this physical body.
39. All diseased cells from negative birth patterns marked for removal are transmuted immediately and totally from this physical body.
40. All cells manifested in this physical body are now immediately totally activated to function in complete health according to their clear holographic pattern.
41. The Healing Master maintains a stabilization of this physical body and energy fields.
42. The Healing Master sets and maintains an appropriate energy grid for this physical body.
43. This wholeness is restored without physical pain.
44. The original disconnect that prevents accessing the core energy of self-identity is to be rectified and strengthened to 100% functionality.
45. All circuits are to be plugged in between Energy Beings and this physical body.
46. There is to be an intensive, ongoing process of identifying Energy Pockets or Pandora points, healing activating the TAG steps until there is bedrock through the total being.
47. Activate the DNA blessing on this individual.
48. Activate and accelerate the healthy seeds within this Being now.
49. Activate the core clear energy and mission purpose within this Being now.
50. Please identify 100% of this Being's consciousness that is contrary to the Reality of abundance, peace, harmony, and joy. Move 100% of that consciousness into that Reality according to the process outlines.
51. Activate the TAG process on all issues that have held this Being's creative consciousness into contrary realities.
52. Identify issues – conscious and unconscious – that reflect as dysfunctional behavior. Use this individual as a touchpoint for:
  - a. Self
  - b. Family

- c. Any grid connections and interrelations
  - d. All injured and injuries connected with the issues
  - e. All Lightworkers
  - f. All choosing to wake up and create with clarity
53. Activate TAG every three minutes for one hour through all bodies of each Being identified
  54. Heal all injuries and transmute cords, contracts, and devices to Light.
  55. Move 100% of all released consciousness into grid of new planet and galaxy and continue refocusing during the one hour process.
  56. Disconnect this Being from all gestalt/mass consciousness that is contrary to the realities that are chosen.
  57. All Beings who are not from agendas of Light are moved into their appropriate place.
  58. All healthy vibrations reflected this client's Star Family's nature of Good are to be introduced at the dis-creation of this Being's Higher Self, Guides, and healing team members.
  59. The pain level is to be maintained at no higher than 5.
  60. An external system of vacuuming is to be put in place to remove all distorted, dis-eased energy forms with speed and ease.
  61. There are to be systems to stabilize as suicide energy, or desire to die energy is transmuted. This comes from ritual abuse, intentional abuse, and inserted by those creating the abuse as a personality aspect.
  62. The core of whole energy patterns is to be activated, strengthened, and made manifest:
    - a. Activate the TAG initial clearing as is outlined above.
    - b. Reconnect the energy system.
    - c. Identify and replace frayed lines.
    - d. Remove blocks to the divine energy flow within this individual.
    - e. Plug in all appropriate systems.
    - f. Turn switches on in most gentle, healthy manner.
    - g. Begin the energy flow through the system.

- h. Stabilize all energy bodies.
  - i. Remove all spastic beings within this individual's total space.
  - j. Do Reality Shifts, individual, astrological, and TAG mass consciousness release.
  - k. Maintain set point for each vibrational body at appropriate level.
  - l. Stabilize and protect this individual as desire-to-die and suicide-energies are transmuted.
  - m. Disconnect all patterns with realities that affirm pain as the appropriate common communication level and move into reality of celebrating conversations.
  - n. Seal each vibrational body.
  - o. Activate the TAG clearing on the emotional, mental, physical, and DNA manifestations of this individual.
  - p. Upgrade all events in process to this new level of choice and clarity.
  - q. Upgrade this individual's life plane to this new level of choice and clarity.
- 63. Disconnect all creator/invader gods (akasha, elohim, and those unique to this individual). All contracts of subjugation and control are to be TAG and Transformed now.
  - 64. **T**otally disconnect this individual from the 42nd dimension dysfunctionality creation.
  - 65. Do all appropriate adjustments on the 14th dimension holograph for this individual's divine blueprint.
  - 66. Identify all individuals who are connected to this individual on any vibrational level through real or perceived guilt or blame. Assign healers to those individuals and activate the 3 levels of clearing on them to dissolve the contract cords that have kept them connected to this individual.
  - 67. Identify all self-created, inherited, or implanted reality taproots within this individual and transmute the energy back to Universal Light.
  - 68. Create all appropriate pathways in every vibrational body for the manifestation of the new chosen realities from work during TAG level clearing.
  - 69. Cut roots of all cell memory storage.
  - 70. Transmute all inappropriate thought forms.

71. Review Spiritual Council and replace any who no longer reflect this individual's chosen realities.
72. Integrate and balance all vibrational bodies at their new degree of clarity.
73. Identify and integrate all created part- or sub-personalities to achieve a state of unified clarity and focus to reflect the new chosen realities.
74. Activate the levels of TAG clearing through the totality of this individual's space.
75. I command that all systems hold 100% programmability for Wholeness.
76. I command that all Dragons in the parasympathetic and sympathetic nervous systems be cleared with all the TAG clearing requests.
77. Eliminate all self-destruct control energy created from domination or other distorted programming, i.e., tapes, crystals, devices, and contracts, no matter how it was created. The PTO teams continue to protect and stabilize this individual's energy fields.
78. Activate the energy system of vacuum and sump pump action to pull in all energy being released for secured removal.
79. Dissolve all forms and process which are no longer needed or appropriately reflective of the deep transformations and choices now made by this individual.

This session is sealed to continue this shift from this moment forward in the authority of my presence as a Star family member in Female Bodysuit.

And so it is!
